two years?

You can tell a lot about a woman by looking at her rear end. For example, the bot blonde on the bottom of page 10 in your September issue never misses a day at the gym. Or maybe she keeps her fanny tight and hard by working out at home. There's no doubt that this cutie takes care of her body.

Not so, however, with the blonde on page 56. Oh, she watches ber figure all right, but a having a few extra pounds doesn't bother her. She knows a little padding back there invites a friendly squeeze, and she welcomes this kind of advance from the right man. I know you shouldn't indee a

book by its cover, or a girl by her ass, but the rear view is what I go by when I'm out scoping. Wesley

Northglenn, CO

GIRLS JUST WANT TO GROPE I was looking through my boyfriend's copy of the latest

freshman in college. It was my first year away from

home, the year I surrendered my cherry to a bandsome English major who wooed me with poetry, and the year I had my first lesbian group groupe. I guess that's what they mean by the expression, "coming of age," I was 19 and horny

We had a room overlooking the beach and spent the first morning on the terrace of our hotel room in our bikinis, checking out the guys checkme out the girls on the beach. We were eiddy and silly, snapping bikini bras and tugging at each other's bikini bottoms. One girl went a little further, and before long, we were six naked females who were flashing for all to see

The touch-feely games didn't ston, and we never did make it to the beach that first day. Instead, we pushed the two king-size beds in our room together and climbed aboard for a lesbian free-for-all. Lesbian sex wasn't new to all of us, but for me, it was a first time. One of my experienced coed systems explained what a daisy chain was, and we all couldn't wait to see how it worked.

A taste of pussy didn't do anything to kill our healthy appetites for hard, suntanned male meat, and that evening, we dined out with a group of six horny studs that couldn't keep their hands off our hot, sexy asses. What did we eat? Tube steak, of

HOT LATIN BUNS
I took my vacation late this year,
but it was well worth the wait. I went
to Puerto Rico, and the girls are sor-

to Puerto Rico, and the girts are gurgeous there.

The beach was full of tournsts, but thought I met a native when I met Riana. I found out later that this dark Latin beauty was from New York, but by then, I was already in last. I called her my hot little freeracker, because

days of my stay on the island. If Ifsts spotted Kinan lying face down on the beach. She was wear-ing a one-piece black bathing suit that was cut so low on he rase, half her crack showed. Her round moons stretched the bottom of her suit to the max, and I immediately belgan to conjure up thoughts about exploring those dark, homozed globes with my tongue, Just about them. Riana locked up at me, pushed her sunglasses to the top of her merety head, and smilled. She

on, which was pushing out the front of my swim trunks.

I hated to see my short vacation come to an end. Rinan had to return to New York, and I to Illinois, but my memones are better than any picture postcards I could have put in a scrap-

was looking right up at my hard-

TAILENDS is a great magazine. It would be even better if you included Latin beauties in every issue!

Christian Champaign, IL

SPREAD CHEEKS

A good-looking girl can strike any pose to look sexy, but when she turns around and spreads her ass cheeks, the message is more than clear. I look at the models in TAILENDS and think how do those pirts want til.

tunin, 50%, ao inese giris suan iti.
TAILENDS provides the best jerk-off photos a guy could ask for. The September copy was a sky-load issue. That was how many times I came before the magazine was too juzzed up to be of any use. Now I'm waiting for the next issue, and guess I'll fack my girlfriend until it comes out!

Brooklyn, NY

KISS MY TUSHY

My husband came home from work with a copy of TAILENDS tocked under his arm. "Found it at work," he said, but I'm not so sure abour that. He took the magazine to the bathroom with him, and he didn't come out until I knocked on the door and asked him if he fell in.

and asked bint in the elf in order.

After dinner, I decided that a little live entertainment was in order. While my husband parked his but on the control of the control o

ing only the panties.
"Are you trying to tell me you don't want me to watch the game tonight?" my husband asked, and I answered, "How about we play a

little game of our own?"

I turned around and bent down, bending in half at the waist. Very plainly, he could read the words on my ass. He had no trouble figuring out what kind of game I wanted to

play. Thank you, TAILENDS, for showing me how to compete with sports for my husband's attention, You might say we discovered new avenues of erotic pleasure that night, and things haven't been the same since. And I'm glad!

> Vivian Silver Spring MD

ASSES OF COLOR

Black girls have the best huts in the world, and though you assully include "hums of color" in each issue of TAILENDS. I'm often disappointed that there are so few pages of black girls flashing ass. Let's see more bot-sased black girls, and how about some photos of luscious Ebony Ayes on her hands and knees, shaking her rear at us? Miss Ayes has a magnificent as

> Charlie Cleveland, OH

## LAP BALLING

My girlfriend knows how much I hove her ass, and she's always teasing me. She likes to sit on my lap and rub against my cock until she gets it rock-hard. Or she'll come out of the shower with just a towel around her, and then the towel accidentally falls off when she bends down to pick up something she dropped on purpose. She gets me chassing after her every time.

Once, when we had another couple over and we were wastering videos in the dark, my girlfriend quiety pulled down my zipper, life and only pulled only pulled down pushs, then sad on my lap with her skirt pulled up in the back. If our friends happened to glance at us, in french happened to glance at us, in the same the same than the sam

My girl's ass was red-hot. She loves to take chances, and knowing we could get caught turned her on enormously. My cock wedged under

her ass, getting higger and harder, until I had to bury it somewhere. My girl lifted slightly, reached under her, and adjusted my rod to the right angle. When she sat back down again, my cock slid all the way up her nessy.

Keeping her upper body perfectly in girl rotated her ass in small circles, clenching and unclenching her steamy passy around my throthhing shaft. I had to put my fist in my mouth to keep from saying something, or groaming as my girl milked the juice from my balls. As soon as she felt me cumming, she pushed her

ass into my gut and jammed her pussy down. I felt her shudder as she climaxed hard

When the first movie ended, my guilfriend tucked away my sticky cock, jumped up to turn on the lights and zipped me up. Then she said, "Gotta go," and ran into the bathroom to wipe up the cum dripping

down her thicks

Hove my girlfriend for a lot of reasons, but her great ass and nasty streak are two of the biopest!

wonder if Doug was aware that the thick. semmetions carnet on the floor of his office was an open invitation to sex. I could listen only vaguely to my hunky young accountant's analysis of my tax records because I was far more interested in the lush. almost grass-like carpet. It was so easy to close my eyes and imagine how it would feel to roll around on that floor. shedding clothes as I went. Then I would get on my hands and knees, craning my head backward to see the expression on Doug's face as he studied the luscious, round swellings of my ass cheeks. Many a man has told me that my high, firm rear end is one of my most attractive features, and I knew that even the geekiest of accountants would find it difficult to resist

wasn't even a little bit gocky. When I reached across the desk and took his hand to kiss his fingers, he reacted so positively that I was soon squirming happily in his arms while we indulsed in a long, loving exchange of wet triogge Refore long I was actually living out my fantasy of stripping naked on his carpet and then rolling over into the doggy-style position so that he could get the best view of my ivory ass. Doug kissed each cheek in turn, playfully humped me from behind, and thenwonder of wonders-finally slipped his hard cock into my pussy where it belonged. As we bumped together and apart in a delightfully frenzied rhythm, his flat stomach

the temptation.

As it turned out, Doug

collided with my ass cheeks again and again while his prick thrust in and out of my cunt.

"I'm going to cum." I warned him, gasping a little. If I hadn't swallowed hard, I might have even drooled. "I am too," he said, gasp-

ing back. "Let's just see if we can get off together." He'd hardly spat out the words before we were doing through contraction after contraction while his cock

it, with my pussy shuddering hosed down my insides with an amazing quantity of smink. I hadn't gotten verv far with sorting out my tax records, but as they say, frankly, my dear, I didn't give a damn

Like a great many other women who are particularly proud of their round, shapely asses. I have a special fondness for the doggy-style posttion. My spontaneous adventure in Doug's office is just one example of the marvelous experiences I've shared with men who enjoy humping and rubbing up against my tail while they're dipping their cocks deep into my mussy. Of course, there are a variety of other great positions that women (and ment) use to enhance the enforment of a great pair of ass cheeks. Although my poll of my friends is strictly unscientific. I believe that the following comments from horny girls should encourage any ass fancier to experiment with a new position or two in bed...or on the floor of

an office. "It might seem weird, but I actually like the woman-ontop position for getting a guy to play with my ass," says

21-year-old Violet, a blueeved blonde college student. with an innocent face and a sinfully lush body "See, I'm heavily into being touched and guddled when I make love, and when I'm on top of a guy's cock, he can squeeze and massage my ass cheeks while he's fucking my pussy. I really love that feeling. It. dets me so excited that I reach orgasm much faster than when I'm in the mis-

"My current boyfriend is

sionary position.

an education major, and we play a game in which he pretends that he's a sex education major. I'll pretend to be a trembling virgin type who's a little afraid of sex. and he'll slowly, sexily help me out of my clothes. He'll massage me all over, most especially my back and shoulders. Then he'll lay on his back and explain that I need to learn how to dress a dick in a rubber for my own safety. After I do that, pretending to be shocked and a little inexperienced at handling a prick, he's ready for

say, 'You can do it. Fuck me.' And then I'll be on top of him, actually doing it, while he steadies me by continuing to rub my ass. Damn. I don't know why it feels so good to play that game, but it does. It makes every encounter seem like the first time "

me to climb on top of him.

"'Come on, haby,' he'll

Although every couple doesn't necessarily have to act out an elaborate fantasy game to give the woman an excuse to get on top, many other girls with fine asses agree with Violet about the sexy appeal of that position.

## oth er position allo we the guy to thrust upward with so much power while

ws the guy to thrust upward with so much power while simultaneously allowing him to massage my ass cheeks; says 23-year-old Robin, a cute wattress who is all legs in her short uniform skirt. "I think the woman-on-top position is perfect for any woman who has a sensitive

reer end!" My favorite, the doggystyle position, was also repeatedly chosen again and again by sexually adventurous countes. "I can get my husband hard in a flash by dropping to all fours and pulling up my skirt," says 26-year-old Maria, a sultry housewife, "Sometimes I'm not wearing any underpants. and that's a hot turn-on, but it's exciting in a different way when I am. Then he has to pull my underpants down to slowly reveal my butt. The more slowly he pulls down my pants, the more of a tease it is. I want to beg him to hurry, and sometimes I simply can't stop myself from crying out. 'Do it.' I'll tell him. 'Hurry up and do it.'

"I really think that the doggy-style position allows for deeper thrusting into the pussy. It feels like it's going deeper, anyway, especially when I can feel my husband's belly squirming against my ass cheeks. It's just so nasty that I can't help but cum and oum."

Several women pointed out that the doggy-style position was perfect for seductive poses. "If you're into taking pictures or videotaping your sexual encounters, as I am, you've got to love the doggystyle position for the way it. shows off the curves of your ass." says 24-year-old Donna. a brassy bottle blonde with the figure of a porn star. From the look of her silky body in the videotape she shows me, she tans completely naked, so that her entire hody is a warm golden brown, "When a guy tapes me from behind, he's detting the best of me-my smooth cheeks, my tuicy pussy lips peening out from between my thighs my long smooth back. It just looks so damn hot.

"And I also love how it looks when the guy gets into the picture and does me doggy on tape. I can really see his big long cook probing into my pussy from behind. Other positions, especially the missionary position, hide too much of the action, but doggy-skyle really shows

everything." Although the side-by-side position isn't especially popular with the general public, several girls with great asses pointed out that it did have its advantages. "It does seem awkward at first, because you're not used to doing it from the side," explains 22year-old Clarissa, an attractive brunette who is majoring in psychology. "But once you've got the hang of it, side by side is really great. Both of you can reach out and grab ass while you're fucking, because neither of you has to be on the bottom. with your ass where it can't be squeezed. And if you've never tried it, you'd be amazed at how great it feels to be massaging your man's ass while he fucks you, especially if he's massaging yours at the same time."

Many girls with great tails

voted for the sitting position, the pose where the girl sits on top of the guy's cock. "I thought it was pretty weird the first time that my new boyfreed pulled out an office chair and sat down naked in with his dick sideking up," says 24-year-old Montana, a slim aerobies instructor. "Come sit on this," he cocct. I shrugged and did it, not.

really expecting anything great. But it turned out to be a fantastic position. Not only was I able to control the pace of the fucking, just like I can in the woman-on-top position in bed. I could also feel my ass cheeks squirming in his arms as he hugged me close to keep me from falling off his dick and out of the chair. And when the chair literally began to roll around the room under the bounding of our joined bodies, well, that just seemed too wild. I had an incredible climax."

The most athletically inclined girls even suggested the standing fuck, which is often regarded as the hottest way to grab a quickie. "I love it when I'm backed up against a wall with my skirt up and my panties down, so I can feel my ass cheeks squirming against the wallnaper." says 27-year-old Annie, a newspaper reporter. "There's something so nasty about that. It's like you're so hot for each other that you just can't wait. True, the guy can't really get a good grip on my ass since it's pressed up against the wall, but I'm sure he can tell how it's squirming. And it does really feel fucking fantestic to mel Sometimes I wish I could write a newspaper article on great sexual positions. I'd put standing sex as the number-one thrill. Of course, my family newspaper

isn't ready for that kind of information!"

In the end, no pun intended almost any position can enhance a couple's enjoyment of a great rear. The only exception is the missionary position performed in a standard bed, which presses the girl's ass cheeks down into the mattress where it can't be handled or enjoyed, "Flat on my back is boring," 24-yearold Tammy says. "Now, if the guy is flat on his back with his dick sticking up, that's exciting. And that just amazes me, that a change in who's on top can make such a difference in a girl's sexual satisfaction. And if I'm more satisfied, my man is more satisfied, so we're just a whole lot happier in any position except the good old-fashioned missionary."

weeks since Doug and I rolled around on the plush carpet of his new office. Now I'm flat on my belly in his king-sized hed my postrils flaring in pleasure as I inhale the fresh smell of his clean shoets. He has a soft mattress, so my body has sunk in deepexcept for the curves of my ass cheeks, which seem to stick up in counterpoint to my otherwise totally relaxed figure. Doing is somewhere behind me, squatting between the thighs that I've stretched wide onen so be can sit between them. His hands reach out and began to knead the firm muscles of my round buttocks. Ah. yes. I stretch and sigh, and if he can't see the cream flooding out of my pussy, it's only because he isn't looking.

"I'm going to nick you rom
the rear again," he says as he
massages me. "You know I
can't resist you. That's why
you asked for a massage in
the first place, you wicked
woman."
"I'm graid you're right.

"Tim afraid you're right. But I can't help but have an uiterior motive when a guy has a cock like yours. And your hands are pretty good too. Keep rubbing me like that. Don't ever stop. Well, do stop, but just long enough to fuck me."

And Doug is on top of me, causing my body to sink even more deeply into the sheets. We've been together two weeks and haven't yet got around to fucking in the standard missionary position.

Maybe we never will...aspecially since it feels so good to keep doing it like this!

#### Dear TAILENDS.

After enjoying your current issue, my husband and I decided to enter your contest. After stripping me and placing me on my knees on our bed, he surveyed the situation. A few kisses, a few probes and a little birticant, and we were on our world Asm yhusband stays, "A beautiful pursy is to entitle hingh to waster!"

I'm terribly excited knowing all the harry men (and perhaps wamen) are tauching themselves laoking at my behind. I'd lave ta say, "Get in line," but my husband says, "Just laak"—far naw.

Sue

### WHY IS TRASHY FICTION SO POPULAR?

By William Scott

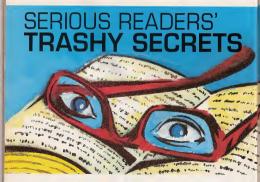

ver wonder what the definition of popular fiction is, and just what makes it so popular? One surprising discovery found in a recent poll was that

most serious readers are also readers of "lowly" genre fiction!

gethre incum! How come? Berious readers read more in general Lawyers, teachers, doctors, and other highly educated professionals choose Spillane over time and time again. Does the sum of the professionals and the spillane over time and the spillane over time and time again. Does the spillane over time and the spillane over time and time again. Does the spillane over time and time again. Does the spillane over time and time again. The spillane over time and time again. The spillane over time and time again. The spillane over time again time agai

The writers of serious fiction are not that coerned about popularity (and probably will ignored the findings of this recent survey). They know their limited audience is to be found mainly in and around the universities. Serious fiction is defined as the classifies we read in school, and contemporary writing that aspires to the same literary traditions as the classifies.

We learn in school that these serious books

require close attention and careful rereading, all done with an air of respect. When we're students we don't even call this type of reading reading—we call it studying.

But most people read for enjoyment rather than study, it seems. Best seller flotion is the most widely read kind of contemporary fiction, and sometimes the readerships are immense. Harriet Beecher Stowe's Uncle Tom's Cabin, Margaret Mitchell's Gone with the Wind and Mario Puzo's Godfather were each,

in its day, accepted as best-seller fiction.

Popular fiction is important, partly
because of its ability to create contemporary self-identification through its
characters—it can mirror what is

unique about ourselves and our times, defining and dramatizing our current issues and problems, even if veiled in metaphor.

Beaders will accent the had write ing, formal structures and absurd plot devices in genre writing because of an audience/writer relationship not found in serious fiction. Serious fiction. is dominated by monumental texts. inexhaustibly rewarding to the hyper-intellectual reader, but also frozen in time and incapable of evolving. Genre fiction is read as a process. Its readers are

always aware of the changing patterns and rules governing a book's genre, and they see that, however slightly, each new story changes its own genre. The idea behind every serious work

of fiction is that the single artist (or genius, if U's certified classic) must be all-enompassing and myth-making in creating their respective literary landscape. The genre, as a form, is the collective and social mind at work, a piece of fiction that is more a snapshot of its literary landscape. In a sense, genre fiction readers are not reading books. They are reading whole called and listening to the stories cannes.

Genre fiction is a stylistic form that has weak individual texts but strong and dynamic forms when viewed as a literary system. Part of the popularity of genre material is its ability to easily cross into different mediums. The science fiction, western, horror, romance and detective genres are in movies, television shows, comic books, commercials and songs (to name but a few). All kinds of entertainment bombard us with the particular genre's stories, reinforcing its fictive environment access a number of copular mediums.

diven this broader perspective, those brighty olored paperback overs screaming out at you from the bookstore man now be understood to contain a collective text more complex and mentally demanding to digast than the densest piece of serious fiction. The latest computer buillet ho beards popping up along the "communication highway" may be the next step in gener folton, providing instant and interactive stories that are both read and written by a group of readers/writters in an ongoing, on-line way.
